Situation Assumes Serious Proportions With Number of Casualties—Jugo-Slavia Reported Upset.

It was reported that the fighting on the frontier was becoming more and more serious and that there had been a number of casualties on both sides.

The Servians were reported to be preparing to mobilize in the western provinces.

STATE WELFARE WORKERS ARGUE PROPOSED LAWS

Fifteen Hundred Attend Meeting in Columbus to Discuss Plans

Columbus, Nov. 1.—Fifteen hundred welfare workers are expected to attend the sessions of the welfare conference here.

The keynote of the conference will be sounded this evening at Memorial hall, when the presidential message will be given by Miss Lucia B. Johnson. She will talk on "Public Opinion and Social Work," emphasizing the need for "building public support for social work."

Another speaker will be Homer Folke, secretary of the State Charities Aid association, New York, and president of the National Conference on Social Work, who will deal with "Modern Trends in Children's Work."

The fourth state conference on illegitimacy opened the conference at the Chittenden immediately following the luncheon today. Mrs. Ruth I. Workum, Cincinnati, of the Ohio Humane Society, presided.

Three proposed laws were discussed at this session: Revision of bastardy laws, presented by Bradley Hull, chairman of the bureau of domestic relations, Cleveland; revision of the law relating to social aspects of illegitimacy, by E. H. Chapman, chairman of the Ohio Hospital association, and publicity, by Miss Mary Irene Atkinson, state department of public welfare. A general discussion of the proposed bills was under direction of Harry H. Howett, division of charities, state department of public welfare.

A new feature of the welfare conference is that workers not only will be given the privilege of listening to lectures by nationally-known professionals, but the executive committee has arranged with practically all of the speakers for consultation service.

KIDNAPED GIRL IS FOUND IN MICHIGAN

Muskegon, Mich., Nov. 1.—Half nude, her little Sunday School gingham dress in tatters, her body covered with bruises, and her features reflecting the agony and terror of her harrowing experiences, 12-year-old Rosalie Shanty, the "diving Venus" of the Muskegon beach, was being rushed back to her home here today from Dublin, Mich., where she was found last night in a dazed condition staggering along a bush-clustered abandoned railway grade. That the girl had been attacked was quickly determined by a physician.

MEXICAN REBEL LEADER CAPTURED

Mexico City, Nov. 1.—General Francisco Murguía, leader of the only formidable revolutionary movement against Obregon government, has been captured by federal troops under General Abraham Carmona, according to advices received by the war department today. Fighting has been in progress between federal and Murguía's rebels in the north for several days.

PROPERTY DAMAGE LEFT BY TORNADO IN MISSOURI CITY

One Dead and Thirty Houses Totally Destroyed By Storm.

Webb City, Mo., Nov. 1.—One woman is dead thirty houses are totally destroyed and property damage estimated at \$50,000 as the result of a tornado which struck here shortly after midnight, according to estimates made today. The dead woman has not been identified. Six other persons are in hospitals suffering from injuries received.

Search was being conducted in the ruins of this morning town this morning in the belief that other bodies may be recovered. Several persons are reported missing and it is feared some of them are dead.

BETRAYED BY HIS CHILD; GOES TO PEN

Memphis, Nov. 1.—Betrayed by his daughter because he ran her sweetheart away from his home, Jesse Sanderson, 50, was taken to Baton Rouge, La., to spend the remaining years of his life in prison.

Sanderson, convicted of murder and sentenced in 1901 to life imprisonment for the crime, escaped from the Louisiana prison in 1903. He made his way to Caruthersville, Mo. He married, reared a family, joined the church and became a respected member of the community. He told his wife of his past deeds and through her his daughter learned of Sanderson's criminal past.

Recently, when Sanderson objected to a young man who was courting his daughter, the girl, in a spirit of revenge, wrote prison authorities at Baton Rouge and told where to find the convict.

KAISER NOT FATHER TO BRIDE'S CHILDREN

Berlin, Nov. 1.—Though their mother will be married next Sunday to the former German kaiser—former ruler of the world's most powerful nation—the five children of the bride to be, Princess Hermine, of Reuss, widow of Prince Johan of Schoenach-Carolath, will remain fatherless.

These children cannot refer to the former emperor as their new "daddy." So far as they are concerned their mother's remarriage is a strictly private affair, although three of the youngsters will live at Doorn, close by their mother.

The correspondent is able to state positively that the ex-kaiser has no intention of adopting the children of his future bride.

Curious as it might seem off hand there are weighty reasons for the family division. The principal one is "children's neutrality"—a reason which works two ways. Princess Hermine will not be "mother" to her future husband's children any more than he will be "father" to hers. This will prevent considerable embarrassment.

INVALID BURNS TO DEATH

Columbus, Nov. 1.—Rodney E. Gregg, 73, was burned to death in his bedroom here. He was unable to call for help, as he had been stricken dumb several years ago by a stroke of paralysis, which rendered him helpless.

WAGE DECREASE WOULD INJURE NATION-BELIEF

Federal Labor Board Says Economic Loss Would Follow Cut.

GREAT BUYING POWER

Steady Gain Seen By Government Specialists In 700 Years.

Washington, Nov. 1.—The bureau of labor statistics, department of labor, in citing the record of progress in the advance of the pay envelope toward the living wage, declared that there can be no reduction in wages to the workman without great economic loss to the nation.

This is the answer of government specialists in labor and industry to the majority ruling of railroad labor board characterizing as impracticable the theory of "a living wage" to all workers.

During the last seven centuries, it was pointed out, there has been a steady, variable gain in wages and never a retrograde movement.

Sound economic reason for this, it is cited, is that there can be no curtailment of wages without seriously affecting every industry, notably those of manufacturing and merchandising. American business can not afford to break the backbone of the buying public, it is declared.

"Of the 41,500,000 persons gainfully employed in the United States, 24,800,000, or nearly 60 per cent, are actual wage earners," the report of the bureau of labor statistics says. "In this class are skilled workers, semi-skilled workers, laborers and servants."

"If to these one adds the nearly 14 per cent engaged in clerical and kindred work, we have practically 30,500,000, or 73 per cent of all those gainfully employed on a wage, or weekly salary basis."

"Our workers are the great buying public. If they are enriched they are better buyers, and so are a stimulant to both production and consumption. The manufacturer himself is prosperous only as his and all other wage-earning employees are prosperous. The man who pays good wages is only paying himself good dividends."

"Cut the standard of living in the American family in half, and instead of mining 500,000,000 tons of coal to keep up the factories and run the railroads, you would mine 200,000,000 tons, with the loss of the investment in present equipment and the loss of the profits from industry upon which the other 27 per cent of those 'gainfully employed' live."

RED CROSS DRIVE LEADERS GET WORK WELL UNDER WAY

Plans are progressing rapidly in Xenia Township for the Sixth Annual Red Cross Roll Call Drive, as evidenced by the meeting of the Xenia Township chairman, called by the Township leader, the Rev. E. W. Middleton, at the Red Cross headquarters, Tuesday afternoon. Douglas Custis, County Roll Call chairman, will meet with most of the township committees this week, it has been announced. Wednesday a meeting will be held at Alpha and Bellbrook; Thursday at Jamestown, and Bowersville, and New Jasper, and Friday in Yellow Springs and Fairfield.

Read Red Cross, think Red Cross, talk Red Cross, and join the Red Cross, is the plea of the officers of the local chapter. The committee would appreciate it if the public would phone the Red Cross office and tell them when and where any meetings are being held so that speakers or information may be sent, officials stated Wednesday.

ATTEMPT MADE TO BRIBE WITNESS IN HALL CASE

Mrs. Jane Gibson Meets Overtures With Blaze of Indignation—Says Money and Influence Are Behind Attempt to Silence Her.

New Brunswick, N. J., Nov. 1.—A flat and unequivocal denial she was present at the murder of her husband, Rev. Dr. Edward W. Hall, rector of the Protestant Episcopal Church of St. John the Evangelist, and the choir singer, Mrs. Eleanor Mills, was made here today by Mrs. Hall, widow of the slain clergyman.

"I was not present when my husband was killed," declared Mrs. Hall. "I know nothing of this tragic affair. I have no theory."

Mrs. Hall said she still believed in her husband's purity and could not explain the letters that had passed between him and Mrs. Mills and which were found scattered about the corpses.

New Brunswick, N. J., Nov. 1.—An alleged attempt to bribe Mrs. Jane Gibson, self styled eye witness to the murder of Rev. Dr. Edward W. Hall, and Mrs. Eleanor Mills, to keep silent is under investigation by the authorities at work on the case today.

The name of a private detective is prominently mentioned in connection with the sensational "expose." According to an accepted version of the report this man went to the "pig woman's" farm last Thursday, just after the contents of her affidavit had become public and opened negotiations with her by saying:

"You had better keep your mouth shut. You can make more by dealing with people for the defense."

So far as can be learned that is about as far as he got with his offer—due to the hostile attitude assumed by Mrs. Gibson. He did not say just who he meant by the "defense" and gave no intimation as to the amount the widow might expect as the price of her silence. Mrs. Gibson in fact met the "feeler" with such a blaze of defiance that the man very readily realized the futility of his enterprise and left hurriedly.

In leaving however, he turned and hurled this parting shot:

"You will hear from me later."

Mrs. Gibson declared today that "money and influence" are behind the attempt to discredit her story.

"They are trying to discredit my story in order to protect the woman I named as the accomplice of the murderer," she said. "The people who are attacking me want money and influence and the persons they want to protect have money and influence and that explains the whole business."

The meeting with Minister of Finance Hermes and several secretaries of state concerned itself with the question of agreeing upon a working basis for the forthcoming deliberations.

Much importance is attached in German quarters to the presence of Roland W. Boyden and Colonel James A. Logan as American observers, especially in view of the emphasis placed by the German government upon the urgency of an international loan in connection with the process of stabilization.

Some Germans, who persist in the belief that no foreign loan will be forthcoming from any source unless American interest in connection with reparations revision is vouchsafed, are extracting fresh hopes out of the unofficial participation by American delegates in the present negotiations.

German insistence upon the inevitable necessity of an ample foreign loan in connection with any attempt to halt their threatened disintegration of the national currency has not yet been given specific formulation, although it is generally assumed that such a proposal will specify an arrangement whereby interest payments on such a loan would be accorded priority rights by the reparations commission through subordination of other reparations payments.

Colonel Cole pointed out to his audience that it was originally believed that the Peace Conference was called with the idea of giving three cheers for peace, then adjourning and going home. Instead, he said, the representatives of the nations, found the United States with a complete peace program that represented a constructive forward step, and they could do nothing but accept it.

Colonel Cole referred once to the address made here last week by "Vic" Donahay, Democratic candidate for Governor, whom he declared said in a speech here that if elected he would see that no party grafters had their hands up to their elbows in the state's pocketbook. Colonel Cole then read a list of ten or 11 relatives of Donahay, who during the period when the latter was State Auditor, held various jobs in his department. The speaker declared that Donahay's sons, daughters, mother-in-law and other kindred had been paid over \$20,000 annually by the state for positions they held under his appointment. Colonel Cole said he had just received this information Tuesday morning, and had not before used it in his campaign speeches. He said Donahay was telling the truth when he declared that there would be no party grafters setting into the public's pocketbook. There will be no room for them because of Donahay's relatives," he said.

On the stage besides the speakers and local leaders were Mrs. S. D. Fess, wife of Congressman Fess, of Yellow Springs, Republican candidate for U. S. Senator, Mrs. C. C. Stephenson, Yellow Springs Republican leader and Miss Hardy of Yellow Springs, who accompanied Mr. Brand to the meeting.

Mr. Brand remained in Xenia Tuesday night and was here Wednesday in anticipation of his meeting at Bowersville Wednesday night, where he will be accompanied by local Republicans. Thursday evening, Mr. Brand will speak in Cedarville while C. C. Crabbe of London, Republican candidate for Attorney General, is addressing an audience at Jamestown. Later in the evening Mr. Crabbe will also speak in Cedarville.

The meeting here Tuesday night, opened up the series of Republican meetings with which Greene County Republicans are winding up their campaign in the County. Considering the fact that the meeting was in opposition to many Halloween celebrations, Republican leaders were pleased with the attendance.

GERMANY SEEKS AMERICAN HELP AT CONFERENCE

Presence of U. S. Observers at Parley Taken as Good Omen.

Berlin, Nov. 1.—An exchange of courtesies between Chancellor Wirth and the members of the reparations commission, and a subsequent informal visit by the commissioners to the ministry of finance, officially inaugurated what promises to be the most significant series of discussions in the whole range of reparations negotiations.

The meeting with Minister of Finance Hermes and several secretaries of state concerned itself with the question of agreeing upon a working basis for the forthcoming deliberations.

The fourth state conference on illegitimacy opened the conference at the Chittenden immediately following the luncheon today. Mrs. Ruth I. Workum, Cincinnati, of the Ohio Humane Society, presided.

WAGE DECREASE WOULD INJURE NATION-BELIEF

Federal Labor Board Says Economic Loss Would Follow Cut.

GREAT BUYING POWER

Steady Gain Seen By Government Specialists In 700 Years.

Washington, Nov. 1.—The bureau of labor statistics, department of labor, in citing the record of progress in the advance of the pay envelope toward the living wage, declared that there can be no reduction in wages to the workman without great economic loss to the nation.

This is the answer of government specialists in labor and industry to the majority ruling of railroad labor board characterizing as impracticable the theory of "a living wage" to all workers.

During the last seven centuries, it was pointed out, there has been a steady, invariable gain in wages and never a retrograde movement.

Sound economic reason for this, it is cited, is that there can be no curtailment of wages without seriously affecting every industry, notably those of manufacturing and merchandising. American business can not afford to break the backbone of the buying public, it is declared.

"Of the 41,500,000 persons gainfully employed in the United States, 24,800,000, or nearly 60 per cent, are actual wage earners," the report of the bureau of labor statistics says. "In this class are skilled workers, semi-skilled workers, laborers and servants."

"If to these one adds the nearly 14 per cent engaged in clerical and kindred work, we have practically 39,500,000, or 73 per cent of all those gainfully employed on a wage, or weekly salary basis."

"Our workers are the great buying public. If they are enriched they are better buyers, and so are a stimulant to both production and consumption. The manufacturer himself is prosperous only as his and all other wage-earning employees are prosperous. The man who pays good wages is only paying himself good dividends."

"Cut the standard of living in the American family in half, and instead of mining 500,000,000 tons of coal to keep up the factories and run the railroads, you would mine 200,000,000 tons, with the loss of the investment in present equipment and the loss of the profits from industry upon which the other 27 per cent of those 'gainfully employed' live."

RED CROSS DRIVE LEADERS GET WORK WELL UNDER WAY

Plans are progressing rapidly in Xenia Township for the Sixth Annual Red Cross Roll Call Drive, as evidenced by the meeting of the Xenia Township chairman, called by the Township leader, the Rev. E. Douglas Custis, County Roll Call chairman, will meet with most of the township committees this week, it has been announced. Wednesday a meeting will be held at Alpha and Bellbrook; Thursday at Jamestown, and Bowersville, and New Jasper, and Friday in Yellow Springs and Fairfield.

"Read Red Cross, think Red Cross, talk Red Cross, and join the Red Cross," is the plea of the officers of the local chapter. ATTEMPT MADE TO BRIBE WITNESS IN HALL CASE

Mrs. Jane Gibson Meets Overtures With Blaze of Indignation—Says Money and Influence Are Behind Attempt to Silence Her.

New Brunswick, N. J., Nov. 1.—A flat and unequivocal denial she was present at the murder of her husband, Rev. Dr. Edward W. Hall, rector of the Protestant Episcopal Church of St. John the Evangelist, and the choir singer, Mrs. Eleanor Mills, was made here today by Mrs. Jane Gibson, widow of the slain clergyman. "I was not present when my husband was killed," declared Mrs. Hall. "I know nothing of this tragic affair. I have no theory."

Mrs. Hall said she still believed in her husband's purity and could not explain the letters that had passed between him and Mrs. Mills and which were found scattered about the corpses.

New Brunswick, N. J., Nov. 1.—An alleged attempt to bribe Mrs. Jane Gibson, self styled eye witness to the murder of Rev. Dr. Edward W. Hall, and Mrs. Eleanor Mills, to keep silent is under investigation by the authorities at work on the case today.

The name of a private detective is prominently mentioned in connection with the sensational "expose." According to an accepted version of the report this man went to the "pig woman's" farm last Thursday, just after the contents of her affidavit had become public and opened negotiations with her by saying:

"You had better keep your mouth shut. You can make more by dealing with people for the defense."

So far as can be learned that is about as far as he got with his offer—due to the hostile attitude assumed by Mrs. Gibson. He did not say just who he meant by the "defense" and gave no intimation as to the amount of the bribe. Mrs. Gibson in fact met the "feeler" with such a blaze of defiance that the man very readily realized the futility of his enterprise and left hurriedly.

In leaving however, he turned and hurled this parting shot:

"You will hear from me later."

Mrs. Gibson declared today that "money and influence" are behind the attempt to discredit her story.

"They are trying to discredit my story in order to protect the woman named as the accomplice of the murderer," she said. "The people who are attacking me want money and influence and the persons they want to protect have money and influence and that explains the whole business."

GERMANY SEEKS AMERICAN HELP AT CONFERENCE

Presence of U. S. Observers at Parley Taken as Good Omen.

Berlin, Nov. 1.—An exchange of courtesies between Chancellor Wirth and the members of the reparations commission, and a subsequent informal visit by the commissioners to the ministry of finance, officially inaugurated what promises to be the most significant series of discussions in the whole range of reparations negotiations.

The meeting with Minister of Finance Hermes and several secretaries of state concerned itself with the question of agreeing upon a working basis for the forthcoming deliberations.

Much importance is attached in German quarters to the presence of Roland W. Boyden and Colonel James A. Logan as American observers, especially in view of the emphasis placed by the German government upon the urgency of an international loan in connection with the process of stabilization.

Some Germans, who persist in the belief that no foreign loan will be forthcoming from any source unless American interest in connection with reparations revision is vouchsafed, are extracting fresh hopes out of the unofficial participation by American delegates in the present negotiations.

German insistence upon the inevitable necessity of an ample foreign loan in connection with any attempt to halt their threatened disintegration of the national currency has not yet been given specific formulation, although it is generally assumed that such a proposal will specify an arrangement whereby interest payments on such a loan would be accorded priority rights by the reparations commission through subordination of other reparations payments.

SPRINGFIELD MAN CALLED BY DEATH

Funeral services for Oliver W. Kelly, 70, prominent manufacturer, brother of E. S. Kelly of Yellow Springs, who died suddenly Tuesday morning at 6:15 o'clock, at his home 621 South Fountain Avenue, Springfield will be held at the late residence at 2:30 o'clock Thursday.

Mr. Kelly had been in failing health for several years, but was confined to his bed only a few days when his death occurred. Death was caused by heart disease. Mr. Kelly was president of the O. S. Kelly company, of Springfield, succeeding his father the late Oliver S. Kelly, who died several years ago. He had always resided in Springfield.

Surviving are three children, Armin Lee Kelly, secretary of the O. S. Kelly Company, Miss Kathryn Kelly, at home, and Mrs. Louise Ultes of Springfield.

TRAIN CRASHES INTO BUS

Toledo, Nov. 1.—Eight persons were injured when an automobile bus in which they were riding was struck by a New York Central switch engine at a crossing. The crossing watchman failed to see the approaching engine because of a dense fog. Edmund Embling, 46, and Morris Carr, 32, both of Toledo, suffered internal injuries.

CELEBRATIONS MARK HALLOWE'EN OVER COUNTY TUESDAY

In spite of the fact that there was no formal Halloween program arranged in Xenia for Tuesday night, many masqueraders marched the streets early in the evening, although the majority deserted this city to attend local celebrations in Jamestown and Yellow Springs.

During the early part of the evening, when there were many masqueraders on Xenia's streets, many took advantage of the free carnival of the Kennedy's Groceries at the West Main Street store, where free cider and gingerbread was dispensed and the Novelty Quintette Orchestra furnished music throughout the evening. Mr. Kennedy said Wednesday that at least 3,000 people visited the store.

Xenia's streets were deserted as the evening progressed while Halloween celebrators, many of them in gay costumes, motored to the two other villages in the county where enterprising organizations had arranged fitting ceremonies. The celebration at Jamestown began at two o'clock in the afternoon and continued until after midnight.

The ceremonies in the afternoon included band concerts, the Jamestown Imperial Band and the O. S. & S. O. Home Cadet Band taking part and a number of contests, featured by a children's parade, Leon Woolley, veteran acrobat and bar performer, presented a free show for the benefit of the crowds at both the afternoon and evening session of the program.

In the evening the queen of the carnival, surrounded by her court of young girls, presided over the celebration from her throne on the platform of the main square and was crowned with fitting ceremony late in the evening. The big masked parade began at 6:30 o'clock with every band taking part and many grotesquely clad figures presented themselves in marching array, passing in review before the judge's stand where prizes were awarded for floats, largest organizations, for the largest party of maskers in a vehicle, for the best decorated automobile, for the most comically mounted person, for the most comically decorated vehicle, for the most attractively costumed man and woman, for the most comically masked man, for the most comically masked musical organization, for the best vocal quartette or duet in costume, for the best musical stunt by two persons, for the best masked cake walkers and for the best buck and wing dancer.

There was dancing in a hall that was unable to adequately contain the larger crowd that attempted to enter, but there were many extra orchestras performing on the street and many dancing there. Visitors were present from all over the county and from cities and villages in surrounding counties, the business section being roped off for Mardi Gras purposes alone, where the crowds mingled in gay abandon.

At Yellow Springs, where the annual Mari Gras was held under the auspices of the Library Association, more than a thousand visitors were welcomed to the village, Tuesday night. Xenia avenue was roped off for the festivities and an admission was charged to swell the fund for the library. Booths lined the streets and there were many prizes and contests to amuse the crowds.

LONDON IS PRIMED FOR XENIA GAME

When Xenia Central High football team and the London High eleven tangle in the Friday's matinee grid encounter at the Madison County seat Friday afternoon, the blue and white gridders from this city will play the role of furnishing the big game on the schedule of the Londoners.

Such is the advance dope from the team that will play host to Coach Earl Burgner's pigskin students on the first game of the season that will be played outside the home ballfield. The Londoners are anticipating the toughest grid battle of the season, and it is up to the "big blue" machine to see that the London eleven and supporters are not disappointed.

Coaches Lynn and Boyner of London are fighting hard to chase away Old Man Overconfidence, who is thought to have a grip on their charges because of their recent victories over Commerce High of Columbus and Bellefontaine High. The London eleven had little trouble walloping Bellefontaine High last Thursday afternoon by the score of 32 to 7. As Sidney High defeated Bellefontaine 33 to 0 and they were forced to go the limit to defeat Xenia 7 to 0, the dope indicates the

London and Xenia combinations are somewhat nearly matched.

The defeat of the blue and white basket ball team at the hands of the London tossers last winter is an incentive to the football eleven to retrieve these lost athletic laurels. London scouts watched Xenia defeat West Alexandria 51 to 0 last Friday, but because of the easy game, Coach Burgner had his proteges under wraps and they uncovered little that will be of any use to London Friday. This week's practice should trim the sails of the "big blue" machine for the Friday battle and the locals ought to be able to dump a lot of tricks out on the table that London never heard of, when the teams get together Friday. Many rooters will accompany the Xenia combination.

Thin? Run-down? Sure Way to Get Right Weight

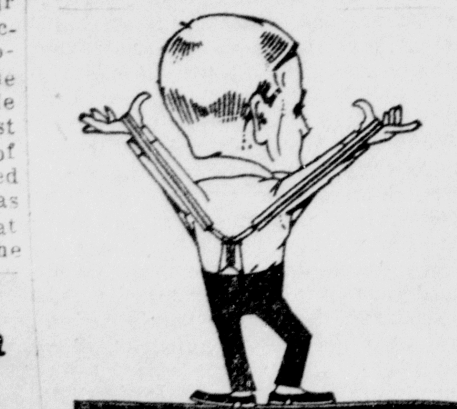

Increase Your Red-Blood-Cells. That's the Sure Way! S. S. S. Builds Blood-Cells; This Means Strength!

Do you know why insurance companies refuse to insure a great many men because they are under weight? Simply because they are under weight often proves

low fighting-power in the body. It often means you are minus nerve-power, minus red-cells in your blood, minus health, minus energy, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus. That's why S. S. S. since 1899, has meant to thousands of underweight men and women, a plus in their strength. Hollow cheeks fill out. You stop being a calamity-looking. You inspire confidence. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier, and you feel it, too, all over your body. More red-blood-cells! S. S. S. will build them. Ladies and gentlemen, a peevy, bony face doesn't make you look very important or pretty, does it? Take S. S. S. It contains only pure vegetable medicinal ingredients. S. S. S. is sold at all drug stores in two sizes. The larger size bottle is the more economical.

S. S. S. makes you feel like yourself again

What is the man doing? Exercising?

O, no! He is showing you how the fine webbing and cord back in his President Suspenders give the utmost in comfort and ease.

If he would turn around you could see how nicely they make his trousers hang, and how much better this scientific support from the shoulders is for the abdominal muscles, than are tight belts.

But he won't turn around—you'll have to come here and let us show you.

We have a full line of President Suspenders.

DUNLAP HOME SCENE OF HALLOWE'EN PARTY

One of the most delightful events of the Halloween season occurred Monday evening at the home of Mr. and Mrs. J. L. Dunlap, on North King street, when Mr. and Mrs. Dunlap, together with Mr. and Mrs. Roy Hayward, entertained the members of the Buckeye Club.

Upon arrival the guests were met by weird looking objects who ushered them to the rear of the house, where they entered through the basement. Ghostly figures still pointed the way, until the guests reached the third story where dancing and fortune telling were enjoyed for a short time. They then descended to the first floor to spend the remainder of the evening with cards. Prizes were awarded Mrs. F. F. Filson, Mrs. Fred Haines, Mr. J. E. Kohl, and Mrs. Lester Barnes. The Dunlap home was prettily decorated for the occasion and the refreshments were in keeping with the season.

TWENTY GIRLS AND BOYS ATTEND PARTY

The Halloween season proved the occasion for another merry party of young people, at the home of Miss Imogene Heaton, daughter of Mr. and Mrs. Ralph Heaton, on South Detroit Street, Tuesday evening.

Twenty masqueraders were received by Miss Heaton for the evening, which was spent in playing games.

The rooms were gay in their decorations of jack o'lanterns, and other seasonable tokens in red and black. A refreshment course was served during the evening.

Birthday Anniversary Occasion For Halloween Party.
The home of Mr. and Mrs. Herman Scroggy on Washington Street, was the scene of a jolly Halloween party Monday evening, the occasion being in celebration of Mrs. Scroggy's birthday.

The Scroggy home was prettily decorated with Autumn colors, thirty-four guests enjoying the hospitality of Mr. and Mrs. Scroggy. Dancing was among the enjoyable amusements of the evening, refreshments being served at a late hour. Mrs. Scroggy received many lovely gifts from the guests of the evening.

GOING TO MARKET.

"Like the Mother Goose pigs, the railroads have 'gone to market' and, coincident with their return, business commences to boom. The Louisville & Nashville Railroad has gone to market too, and, during the current calendar year, has purchased, constructed, or authorized improvements costing over \$20,000,000.

"Through these improvements, and many to follow, the Louisville & Nashville promises as valuable contributions to the public service as the aggregate of many of previous years, and by its definite purpose to thus enlarge and improve its facilities, demonstrates its belief in the splendid future of the Southland country along its 5,000 miles of road."

We clip the foregoing from a big advertisement in a large city daily paper, occupying a space that if run single column would have amounted to as much as three columns. It had an attractive picture of "Mother Goose" at the top. The ad gave in detail just how much the company had spent in a single year for new locomotives, for cars, for added double tracks, for bridges and trestles, for depots, and for new and heavier rails.

Reading the advertisement the thought came to us now here is something practical to stimulate business—not simply talk, but the figures to show that the company has done its share by spending its money to give employment to many thousands of people.

Here is an example worthy of imitation. As soon as a few thousand other concerns do likewise we shall see business hum.

P. R. R. STOCK RETURNS TO 6 PER CENT BASIS.

Pennsylvania Railroad stock is back on a 6 per cent dividend basis. Directors on October 27th declared a quarterly disbursement of 1½ per cent, payable November 29 to stock of record November 1.

In announcing the action of the board, Samuel Rea, president, emphatically stated it was a quarterly disbursement. In financial circles the construction placed on the announcement was that unless some unanticipated circumstances should arise, the rate will be maintained.

The dividend was cut from 1½ per cent to 1 per cent quarterly in April, 1921. Since its organization, in 1856, the company has paid dividends annually ranging from a low of 2½ per cent in 1878 to 10 per cent. The highest disbursement in any year recently was 7 per cent, in 1907.

Pennsylvania Railroad has outstanding 9,985,314 shares of stock, par value \$50, of 12,000,000 shares authorized. Its funded debt approximates \$510,000,000. In some quarters it is believed the road in the near future will issue additional common stock to finance extensions and improvements, thus bringing the amount of funded debt and outstanding capital stock nearer together, when the market price has been established above par.

AUTOMOBILES AS PEACE-MAKERS.

Irvin S. Cobb suggests that if the automobile had come half a century earlier, there would have been no Civil War. Here is his line of reasoning:

"I believe if, back in '61, the man who lived in Carolina could have stepped into his 'Lizzie,' turned on the gas and cruised away to Vermont, and found that the people there were of his own flesh and blood, with much the same aspirations and ideals of decent and peaceful and orderly government, why then there wouldn't have seemed to be any need of war. The Vermonter would have learned the same basic facts regarding the Carolinian."

This better acquaintance among people living at a distance from each other which comes from the increasing use of the automobile is doubtless one of the greatest benefits it has conferred on mankind. Through touring, the various sections of this country are coming to know each other in an intimate and friendly way that has never before been possible.

This sort of intercourse makes national unity. It tends even to international unity. Mr. Cobb is probably right in his conclusion that the motor car is doing as much as any other agency on earth to teach one nation that another nation is made up of decent chaps and to cure the nations of their old rivalries and bitterness. It will accomplish a great deal more along that line as Europeans become prosperous enough to buy automobiles and go touring in them as Americans do.

THE HELLO BOYS.

Probably the Elks started it with their cheerful and cordial "Hello Bill."

You walk down the street and you hear, "Hello, Charlie," "Hello, Jack," and so on. Its becoming the rule rather than the exception for friends and neighbors to address one another by their first names. The Rotary, Kiwanis and similar clubs are largely responsible, and if they accomplish nothing more they are worth while.

The familiarity of first name address seems to draw men closer together, to bring them to a realization that after all their interests are much alike; their tastes very similar and companionship pleasant. Get away from "Mr." either by club compulsion or long association and men will work together better, understand each other better and criticize and find fault less.

The effect is noticeable here as it probably is everywhere else. You hear less criticism of one business man by the other. Nine times out of ten you will hear commendation and praise rather than criticism. In other words you hear less knocking.

It's a good sign for the city—a good sign for any city. True there are knockers left, but they are beginning to be looked upon as bores, and you'll notice the crowd begin to edge away when they get out their hammers.

When the time comes, if it ever does, when every man will feel free to call all his neighbors and business acquaintances by their first names the boosting millennium will have arrived. So here's success to the "Hello Boys," to every organization or creed that tends to draw mankind closer together, whether it be in community building or other undertaking where the united effort of all is needed.

IF THIS KEEPS UP PEOPLE WON'T KNOW WHERE THEIR FENCES ARE AT ALL.

1902--Twenty Years Ago--1922

The Washington C. H. High School team came down here Saturday, with the hope of winning a game from the invincible Xenia team, but went home carrying the fifth goose egg that the Xenians have given away this season. The score was 38 to 0 and the game was very one-sided.

Andrew Carnegie, who has offered to give Xenia \$20,000 for a public library building will be

asked to double this amount and a splendid building costing \$40,000 may be erected on the site selected on East Church Street.

The scores of old friends in Greene county of Col. Ike Cummings will be glad to know that he expects soon to return to Ohio from Texas, and will again reside in this county.

Mr. and Mrs. Ora Whittington were the guests of friends in Piqua over Sunday.

STRONG SLENDER ANKLES

The pretty ankle is always slender, yet it is never too slender. It must appear to do its share in carrying the weight of the body. If it is too thin to seem to do this it loses all its attraction. Women who want to reduce their ankles must, beware of reducing too much.

The ankle's shape is as important as its slenderness. This means that the leg above it must be well rounded and

You will need muslin strips several yards long. The end of one of these should be passed beneath the foot, the muslin is then given a few turns around the instep, the last turn carrying it over the instep to the ankle and so on round the ankle and calf of the leg.

Agnes C.—No one would be likely to have hair on the legs removed by the electric needle, as it would be a tedious and very expensive procedure. Bleach it by using a mixture made from peroxide and ammonia, in equal parts.

NEW TRAFFIC SIGNAL DEVICE INVENTED LOCALLY

A new traffic guide has been invented and patented by J. J. Downing, local photographer. In commenting on his invention, Mr. Downing said, "The guide, which is to be placed on the top of an auto, consists of a signal box four inches square, surmounted by a white arrow which indicates the direction the driver intends taking. The signal is connected with the car batteries by an upright tube containing the steering wheel where it is within easy reach of the driver. The device is worked by the simple method of pressing a tiny button. A little electric bell on the box rings to give warning to other motorists or pedestrians, that the car is about to turn. The box contains small electric lights, which are focused on the white arrow so the signal works effectively at night."

Mr. Downing said he has been asked to take his model to Columbus to demonstrate it before the city council.

An effort is being made to interest local capital in the affair Mr. Downing said. He is considering selling it on a royalty basis. The local chamber of Commerce will probably be asked to set behind the project, according to the inventor.

The Sleeps of Autumn

There is something beautiful about the sleeping times of everything in life and nature.

But in October we find the setting for them all.

To me there has always been a touch of divine pathos connected with the falling of every leaf. One by one—then in dozens, and hundreds, and thousands they fall silently to the ground. There they nestle, their gorgeous coats giving way to a series of browns, until finally, tossed about by winds and washed by rains, they sink into the sleep of the earth—to rise again in newness with successive springs.

The wind is blowing as I write. Beyond my window are winding hills. They are robed in all the colors of the sunset—blues, and browns and purples, and series of golden tints. Like the mild roll of a happy sea is this vest line of color as the wind bathes it.

I can see the leaves fly like birds from their spring and summer nests in the trees and fall gently to the ground.

What a scene of beauty! Soon the twigs and branches will be bare—ready for the blasts of winter. And then we will miss what we so much loved for many months.

Clear cut you will see exposed the new homes of the squirrels. And

later, in all the North countries, the white blankets of winter will come to bury the plays of autumn.

All of which serves the more to emphasize the eternal change of life.

The sleeps of autumn are beautiful in the extreme. They whisper new words of cheer to our hearts, they renew our faith in the divinity of all things beautiful, and they teach us courage.

Yes, I believe that trees and flowers and leaves have souls—for Heaven would be bare indeed without them!

FIRE BOSS SAVES FOUR OF HIS MEN UNAIDED

Cambridge, O., Nov. 1.—Four men, employed by the Cambridge Collieries company, in the Cleveland mine, near Senecaville, owe their lives to Fire Boss "Blanch" Heskett, who, almost unaided, succeeded in getting them from the mine in which they were trapped by a fire, which destroyed the tippie, fan house shaft and hoisting equipment. Ten mules and a pony suffocated, following destruction of the fan house. The fire, said to have been caused by defective electrical wiring, caused a loss estimated at \$75,000.

But in October we find the setting for them all.

To me there has always been a touch of divine pathos connected with the falling of every leaf. One by one—then in dozens, and hundreds, and thousands they fall silently to the ground. There they nestle, their gorgeous coats giving way to a series of browns, until finally tossed about by winds and washed by rains, they sink into the sleep of the earth—to rise again in newness with successive springs.

The wind is blowing as I write. Beyond my window are winding hills. They are robed in all the colors of the sunset—blues, and browns and purples, and series of golden tints. Like the mild roll of a happy sea is this vest line of color as the wind bathes it.

I can see the leaves fly like birds from their spring and summer nests in the trees and fall gently to the ground.

What a scene of beauty! Soon the twigs and branches will be bare—ready for the blasts of winter. And then we will miss what we so much loved for many months.

Clear cut you will see exposed the new homes of the squirrels. And

later, in all the North countries, the white blankets of winter will come to bury the plays of autumn.

All of which serves the more to emphasize the eternal change of life. The sleeps of autumn are beautiful in the extreme. They whisper new words of cheer to our hearts, they renew our faith in the divinity of all things beautiful, and they teach us courage.

Yes, I believe that trees and flowers and leaves have souls—for Heaven would be bare indeed without them!

FIRE BOSS SAVES FOUR OF HIS MEN UNAIDED

Cambridge, O., Nov. 1.—Four men, employed by the Cambridge Collieries company, in the Cleveland mine, near Seneca, owe their lives to Fire Boss "Blanch" Heskett, who, almost unaided, succeeded in getting them from the mine in which they were trapped by a fire, which destroyed the tippie, fan house shaft and hoisting equipment. Ten mules and a pony suffocated, following destruction of the fan house. The fire, said to have been caused by defective electrical wiring, caused a loss estimated at \$75,000.

FRANK E. PENEWIT DIES LATE TUESDAY

Frank E. Penewit, 71, life-long Greens County resident, died at the home of his daughter, Mrs. Alice A. Achor, 30 Terry Street, Dayton, Tuesday night, at 8:30 o'clock, according to word received in this city. Death was caused as the result of a stroke of paralysis, which he suffered July 7. He was taken seriously ill a week ago Monday.

Mr. Penewit was born between Spring Valley and Bellbrook, Feb. 14, 1851, and spent all of his life in that vicinity. Due to his illness he was taken to the home of his daughter, Mrs. Achor, three weeks ago Sunday.

Mr. Penewit's wife preceded him in death, six years ago. Surviving are the following children: Mrs. Achor of Dayton; Mrs. Edna Elliott of between Spring Valley and Bellbrook; and one son, Swayne Penewit, of near Bellbrook. Six grand children also survive. Mr. Penewit was a member of the Knights of Pythias Lodge of Bellbrook.

Funeral services will be held at the home of Mrs. Achor, 30 South Terry Street, Dayton, Saturday morning at 10:30 o'clock. Burial will be made at Bellbrook.

Mr. and Mrs. J. A. Burns had as their guests Monday, Mr. Carl Aiken and family of Belle Center, Ohio.

Mr. and Mrs. John Rose of this place and Mr. and Mrs. E. R. Ralls and daughter Phyllis spent the week end with Mr. and Mrs. Dana Busch near Lillas Ross, in Athens, making the trip by motor.

Mr. and Mrs. C. N. Stuckey and Mr. and Mrs. E. G. Lowry left Wednesday morning on an extended visit with relatives in Martinsburg and Gettysburg, W. Va. The trip was made in the Stuckey sedan and will be mostly over the national pike.

Mrs. Margaret Crain of Jamestown, who has been in a very critical condition suffering from a broken right hip and diabetes, was brought to the home of her sister, Mrs. C. M. Ridgway. Her condition grew worse and she was taken to the McClellan Hospital in Xenia Wednesday. Her many friends will regret to hear that there is little hope of her recovery.

Miss Hester Townsley was hostess Wednesday evening to five tables of "Rook."

Mr. and Mrs. N. L. Ramsey entertained a number of friends at dinner Tuesday.

Misses Helen Somers, Marie Dauerty, Ruth Patton and Marguerite Ralls very pleasantly entertained a number of their friends at a masquerade party Monday evening at the home of Mrs. Carrie Crouse. The decorations and two course luncheon were in keeping with the Halloween season.

In spite of the fact that Cedarville College football team lost another game Saturday afternoon to Defiance College, at Cedarville, by the score of 18 to 9, Cedarville fans found solace in the fact that the Reformed Presbyterians showed real improvement over last year when they were subjected to a 58 to 2 defeat at the hands of the Defiance eleven.

The game was fast and cleanly played throughout but the Cedarville forward wall was unable to successfully cope with the terrific onslaughts of the visiting backs. The visitors used straight football practically throughout, ripping the Cedarville line to shreds, although the Greene County team got its backs up several times and held the visitors within the shadow of the goal posts.

The visitor's touchdowns came in the first, second and fourth quarters. The locals attempted to score in the third period when they were halted on the third down within kicking distance of the props and Currie drop.

kicked the oval, only to miss the up-kicks. Cedarville's advantage in this period was due to a long forward pass, the only or several tried that was successful. Currie passed to Taylor in this period for a 31-yard gain. Three of Currie's passes were intercepted by Defiance.

Three runner Central High School stars played with Cedarville Saturday. They are Taylor at left end, Currie at full back and Lew McCoy at right half. Cedarville's next and last game will be played November 10 at Cedarville with Antioch and the Cedarville gang hopes to retrieve a 9 to 0 defeat suffered at the hands of the Yellow Springs tribe earlier in the season. In spite of the fact that Cedarville College football team lost another game Saturday afternoon to Defiance College, at Cedarville, by the score of 18 to 0, Cedarville fans found solace in the fact that the Reformed Presbyterians showed real improvement over last year when they were subjected to a 58 to 2 defeat at the hands of the Defiance eleven.

The game was fast and cleanly played throughout but the Cedarville forward wall was unable to successfully cope with the terrific onslaughts of the visiting backs. The visitors used straight football practically throughout, ripping the Cedarville line to shreds, although the Greene County team got its backs up several times and held the visitors within the shadow of the goal posts.

The visitor's touchdowns came in the first, second and fourth quarters. The locals attempted to score in the third period when they were halted on the third down within kicking distance of the props and Currie drop.

kicked the oval, only to miss the up-kicks. Cedarville's advantage in this period was due to a long forward pass, the only one several tried that was successful. Currie passed to Taylor in this period for a 31-yard gain. Three of Currie's passes were intercepted by Defiance.

Three former Central High School stars played with Cedarville Saturday. They are Taylor at left end, Currie at full back and Lew McCoy at right half. Rev. B. M. Bridges Gives Facts In His Case

It is doubtful if there has ever been a medicine endorsed by so many ministers of the Gospel as has Tanlac. Indeed, there is scarcely a faith, creed, or denomination in all the land in which one, or more, of the clergyman has not publicly expressed their indebtedness to the Premier Preparation for the benefits they have derived from its use.

One of the latest to speak out in this connection is Rev. B. M. Bridges, a widely known and beloved Baptist preacher, residing at Mooresboro, N. C., whose statement follows:

"Tanlac has given me a good appetite, toned up my system and renewed my strength in such a gratifying way that I am glad to recommend it to anyone who is in a run-down condition. For ten years past I have had such a severe case of indigestion that I could not find anything to eat that agreed with me. Finally I became very nervous and could get but very little sleep or rest."

"It seems that I took nearly everything trying to get myself right, but nothing helped me until I ran across Tanlac. My nerves are so much better now that my sleep is sound and refreshing. I enjoy my meals and have also gained weight. I can say from experience that Tanlac is a splendid medicine and tonic. It has built me up wonderfully."

Tanlac is sold by all good druggists.

It's not in the window

WE like to see people stop and look in our windows. More often than not they'll step into the store and ask to see something we have on display.

But there's something we can't show in our windows. Nevertheless, folks know they'll find it here with every purchase they make.

Our customers have come to regard our service as part and parcel of this business.

It's not on display but we strive to render it with every transaction. If you step in the store only to take shelter from the rain, you'll get courtesy and attention.

OVER THOUSAND ATTEND CARNIVAL AT YELLOW SPRINGS

Gay community spirit, and masked revelry marked the success of the Mardi Gras sponsored by the members of the Yellow Springs Library Association, at Yellow Springs, in celebration of Halowe'en, Tuesday night.

A check of the attendance according to members of the Library Association showed a total of 1,150 people, netting a total profit of \$150. Masqueraders from the village and surrounding towns throughout the county patronized the affair, and took part in the evening's festivities.

The happy throng centered on Xenia avenue, which was roped off in the center of the village for the affair. Booths lined the street, where members of the Library Association sold sandwiches, pop, cake and pie to the public, netting a large per cent of their proceeds in this way.

The awarding of prizes to the best masqueraders featured the evening's program, the following prizes being awarded: best child's costume, Helen Rahn, the Spirit of Halloween; sec-

ond child's costume, Anna Carter, and Allen Huffman, Indiana; girl's costume, Catherine Hackett, Night; second girl's costume, Anna Jacobs, Miss Autumn; best boy's costume, Joseph Fancier, red suit; second boy's costume, Roger Lemly, Indian; most artistic costume, Mrs. Robert Drake, a butterfly; second most artistic costume, Mrs. Huffman, fortune teller; most comical adult couple, Mrs. Darwin Brewer, as a washerwoman, and Mrs. Robert Corry, as a preacher; second most comical adult couple, two Springfield women as flute players. The prize for the most comical costume was awarded to an Antioch college boy, while the second was awarded to a Xenia man. Mr. and Mrs. S. K. Britton, of Yellow Springs, won the prize for the most unique costumes, as Spaniards; the second most unique costume was worn by a Yellow Springs couple, while the third was won by Miss Linson, as a butterfly. Mrs. Foster, and her sister, Mrs. Preston, of Yellow Springs, attired as hoboes won the "men's" prizes for their costumes. The second and third prizes for men's costumes were won by two ghosts, one represented Diogenes, with his lantern. The women's character prizes were won by Helen and Margaret Little of Xenia, students of Antioch college, as old fashioned girls. Miss Anza Johnson was the second prize winner, as an Indian maiden. Various prizes were awarded the winners of the children's races the "John" race being won by John Olcott; the "Mary" race by Miss Mary Dawson, the fat man's race by Oscar Pay, and the slim man's race by James Herman.

The winners of the cake walk were first prize, Mrs. Charles Carr, and Mrs. Archie Dean, and second, Miss Florence Johnson and Arthur Reed. The Clarke County Community Band furnished the music for the evening.

IS GREEN NO MORE
"My experience with your medicine has been wonderful. My stomach and liver trouble of five years standing took a new turn two years ago when I took on an olive green complexion. I spent \$1,200 with doctors and specialists only to prove that was still as green as ever. A friend advised me to take Ayer's Wonderful Remedy, and I am green no more. My stomach and liver trouble has all disappeared." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Squire and Hemphill and druggists everywhere.

MORE RECIPES FOR OATMEAL COOKIES

Reader Friends have been kind enough to send in the following recipes upon a recently published request from "E. V. D."

B. L. "Oatmeal Cookies: Three cups of uncooked rolled oats, two cups of granulated sugar, three cups of flour, one cup of raisins, 1 cup of nut-meats. Mix these ingredients together, then add one cup of melted butter, one teaspoon of soda dissolved in five tablespoons of sweet milk, and two well beaten eggs. Take up only a piece of the mixture the size of a walnut, pat this piece in the hands—not too flat—and put it in a greased pan. Do not have oven too hot in baking."

Mrs. F. J. L. "Oatmeal Cookies: Two cups of oatmeal, two cups of flour, one cup of sugar, three-fourths cup of lard or other fat, one cup raisins, two eggs, three-fourths of a teaspoon of soda dissolved in four tablespoons of sweet milk, two teaspoons of cinnamon and one teaspoon of ginger. Cream the fat and sugar together, add the beaten eggs, add the dry ingredients well mixed together, then add one-half cup of sweet milk, the oatmeal and the raisins. Drop from a teaspoon onto buttered pans and bake 15 minutes in a hot oven. The batter is very stiff."

Mrs. E. W. C. "Crisp Oatmeal Cookies (probably what E. V. D. is asking for): One cup sugar, one-half cup butter, one well-beaten egg, one fourth teaspoon of salt, one-half teaspoon each of ground cloves, cinnamon and nutmeg, two teaspoons of baking powder, one-half cup sweet milk, one cup rolled oats made crisp, in oven before adding to the batter, one heaping cup of raisins and enough flour to make a soft dough. Chill and then roll out. Sprinkle lightly with sugar, cut and bake quickly in a hot sugar, cut and bake quickly in a hot oven. Vanilla flavor (two teaspoons) may be substituted for the spices. These improve if kept in an airtight container."

Mrs. I. M. H. "I read a request for Oatmeal Cookies. Here is a very good recipe: Two eggs well beaten, one and one-half cups of sugar, two tablespoons of butter, one and one-half cups of milk, three cups of uncooked oatmeal, one-half teaspoon of vanilla. Mix these ingredients and let stand for five minutes, then add two teaspoons of baking powder sifted with enough flour to make a stiff batter. Also add one cup of ground walnut meats and one cup of raisins. Drop by teaspoonfuls onto a buttered tin and bake for about 15 minutes in a good oven."

A Reader: "My Oatmeal Cookies: Two and one-half cups of flour, two and one-half cups of uncooked oatmeal, one cup of sugar, one cup of lard or butter melted (it is easier to mix when melted) two eggs, two tablespoons of sweet milk, one scant teaspoon of soda dissolved in one tablespoon of boiling water, one tea-

Chapters From A Woman's Life

BY JANE PHELPS

Chapter 15

I had no preconceived ideas that mothers-in-law were unpleasant, critical of the women their sons married. But in the first days of Mrs. Page's visit, it seemed sometimes as if she went out of her way to make things hard for me.

I was continually smoothing Jennie's ruffled plumage; constantly worried about the dog, her food, drafts, and so on. Everything in the house seemed to revolve around Fido. I told Walter one night when I had been exasperated almost beyond endurance.

"I know, dear! but it's Mother's only weakness. I guess we all have, at least, one."

I said no more. I would not complain of his mother to him no matter how uncomfortable I was. I had drilled Jennie upon points of service that offended her, had agreed to hire a cleaning woman to lighten her work, to raise her wages, before I could persuade her to wear a cap, and do the other things she declared must be done if her visit were to be a comfortable one.

Walter had flushed and looked annoyed when his mother disparaged Helen Ralstrom. I always thought him more attractive when he frowned, although I wouldn't have told him so for worlds. It made his face stronger. I knew that his mother's criticism would not hurt Helen with him. One had only to object with Walter to make him the more keen. He couldn't endure criticism of himself or his actions, his taste or judgment. And he had winced perceptibly when his mother expressed disapproval.

Mrs. Page met our friends and was either dignifiedly gracious, or coldly disapproving. Claire Gordon she appeared to like and said:

"Miss Gordon is a dainty well-balanced girl, but I don't understand your liking for Mr. and Mrs. Harter."

She addressed her remarks to Walter, but I answered.

"Mrs. Harter is a very old friend of Walter's."

"Grace is all right. Mother, although she is a bit abrupt and unconventional at times," Walter broke in.

"It doesn't do for a woman, especially a young woman to defy the conventions. They are the bulwarks of society. Her husband is cynical, seems always to be laughing at something, I can't endure such a character," Agam Walter replied.

"George has been rather spoiled. He's a great favorite with the ladies. Would make love to you if you'd give him a chance."

I wondered how he dared say such things to his dignified mother. I knew I wouldn't. But she smiled and preened herself a little as she said:

"Such men are often discriminating—when they wish to be. He is well-mannered and perhaps I am wrong in my deductions. But on first acquaintance he isn't intriguing."

How I wished George could have heard her! I had all I could do to keep from laughing aloud. Yet Mrs. Page's remarks had shown a keenness that astonished me. She had expressed exactly the feeling I always had felt with George; that he seemed always to be laughing at something, some secret of his own. That he was cynical, anyone could see.

For a time Walter came home very regularly; seldom was late for dinner. He took his mother and Fido to drive when she wished, and we went often to the theater.

"A good play is a tonic for me," she told him. "A poor one disgusts me." So although he always tried to select plays well spoken of, occasionally we

would find ourselves at one that held no interest for her. Then she would insist upon leaving, no matter how well either of us might be enjoying it.

It annoyed me exceedingly. Before she came we had been very economical in our pleasures, especially our theater going. I loved the theater, and to be dragged home after the first act, or in the middle of the second one was aggravating. Once I rebelled. I had seen Grace and George in the audience and I told Walter I would stay and return home with them; that I was enjoying the play.

"It is astonishing what the uncultivated taste can endure," Mrs. Page said as they left. I knew she was displeased, that she would complain of me to Walter. But I didn't care. I wasn't a child to like or dislike a thing because she did.

Tomorrow—Fido is ill and the Doctor Called.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Known perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway spruce extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your dealer for "2½ ounces of Pinex" with directions, and don't accept any other cheap. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

TO OPEN GROCERY IN SCOTTSBURN APARTMENTS

Mr. and Mrs. Frank Davidson, owner of the Scottsburn Apartments, formerly the Mooreland, at Main and West Streets, are remodeling a down-stairs room of the building, facing on West Street, and will open a grocery in the remodelled room in the near future.

Mr. Davidson, who has been secretary of the Greene County Automobile Club for some time, will resign his position with that organization in order to take complete charge of the grocery. He expects to handle a complete line of groceries. Mr. and Mrs. Davidson came here from Flint, Michigan a year ago last April, and immediately purchased the Mooreland Apartments. Since then the building has been redecorated, shrubbery added to the lawn and the name changed to the Scottsburn.

MAGNITUDE OF RED CROSS PEACE TIME WORK IS REPORTED

The magnitude of the work of the national Red Cross in disaster relief alone is told in a report given in "The Red Cross Courier," the official bulletin of the national organization received by the local Red Cross chapter.

The amount spent by the national organization in the year's disaster relief totaled \$1,441,486 in the seventy-two disasters in which 674 persons were reported killed and 521 injured, the year ending, June 30, 1922.

The disasters caused property damage estimated at more than \$30,000,000 and rendered more than 145,000 people homeless or otherwise needing assistance. In one section alone, the Louisiana-Mississippi border, the Red Cross for weeks fed over 25,000 flood refugees daily.

The greatest toll of life was taken by hurricane and tornado, while the overflowing of rivers, the breaking of dams and torrential rain storms drive the greatest number of people from their homes according to the report. Fire played an important part in the chain of disasters which made insistent demands for Red Cross relief workers. The type of the work done during fire damage, was demonstrated by the Greene County Chapter of the Red Cross, in the Wilberforce fire several months ago, other minor disasters also calling upon the resources of the organization.

The enormous volume of American Red Cross relief supplies for the Near East soon to be shipped across the Atlantic on a Shipping Board vessel may be visualized from the following cargo table:

Two thousand four hundred tons of flour, 800 tons of beans, 400 tons of cocoa, 200 tons of sugar, 40 tons of prunes, 100 tons of lard substitute, 200 tons of rice or corn grits, and four tons of salt. The total cost of these items is \$315,000.

The following clothing outfits will be loaded aboard the same ship: Three thousand baby outfits, 20,000 boys' suits, 40,000 children's underwear, 20,000 women's dresses, 20,000 children's dresses and 20,000 women's underwear. The total cost of these items is \$130,500.

The local chapter of the Red Cross is making public these figures to show the large amount of work that is being done by the Red Cross, and which is made possible by public subscription at the annual Red Cross Roll Call drives: the sixth one of which is to be staged in Greene County in two weeks. A large per cent of the amount of money subscribed in the county will be forwarded by the county chapter to the national organization to carry on the work in the United States and foreign countries.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for the prompt healing effect upon the membranes of the throat.

the past ten years to bring about universal telephone service for Springfield and vicinity.

Several days ago the office force of the Springfield Xenia Telephone Company was transferred from the Center Street building in Springfield to the Ohio Bell telephone company office at 51 West High Street, where the work has been consolidated under one head.

Mr. Staples came to Springfield after having been located for a number of years at Lima and Findlay, and has been in the service of the Bell company for more than 29 years.

TO OPEN GROCERY IN SCOTTSBURN APARTMENTS

Mr. and Mrs. Frank Davidson, owner of the Scottsburn Apartments, formerly the Mooreland, at Main and West Streets, are remodeling a down-stairs room of the building facing on West Street and will open a grocery in the remodelled room in the near future.

Mr. Davidson, who has been secretary of the Greene County Automobile Club for some time, will resign his position with that organization in order to take complete charge of the grocery. He expects to handle a complete line of groceries. Mr. and Mrs. Davidson came here from Flint, Michigan a year ago last April, and immediately purchased the Mooreland Apartments. Since then the building has been redecorated, shrubbery added to the lawn and the name changed to the Scottsburn.

SEARCH FAILS TO REVEAL BODIES

New York, Nov. 1.—Search early yesterday failed to find any bodies of victims in the ruins of the five-story factory building in Brooklyn which was destroyed by fire night before when he jumped from the fifth floor. One man, Eugene Kersten, met death of the building to the sidewalk. Eight other persons were injured, and soon after the fire started reports were spread that the loss of life would be heavy.

Efficient Housekeeping

Reader Friends have been kind enough to send in the following recipes upon a recently published request from "E. V. D."

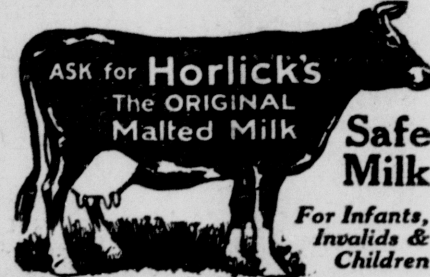

B. L. "Oatmeal Cookies: Three cups of uncooked rolled oats, two cups of granulated sugar, three cups of flour, one cup of raisins. I cup of nut-meats. Mix these ingredients together, then add one cup of melted butter, one teaspoon of soda dissolved in five tablespoons of sweet milk, and two well beaten eggs. Take up only a piece of the mixture the size of a walnut, pat this piece in the hands—not too flat—and put it in a greased pan. Do not have oven too hot in baking.

Mrs. F. J. L. "Oatmeal Cookies: Two cups of oatmeal, two cups of flour, one cup of sugar, three-fourths cup of lard or other fat, one cup raisins, two eggs, three-fourths of a teaspoon of soda dissolved in four tablespoons of sweet milk, two teaspoons of cinnamon and one teaspoon of salt. Cream the fat and sugar together, add the beaten eggs, add the dry ingredients well mixed together, then add one-half cup of sweet milk, the oatmeal and the buttered pans from a teaspoon onto the buttered pans. The batter is very stiff.

Mrs. E. W. C. "Crisp Oatmeal Cookies (probably what E. V. D. is asking for): One cup sugar, one-half cup butter, one well-beaten egg, one fourth teaspoon of salt, one-half teaspoon each of ground cloves, cinnamon and nutmeg, two teaspoons of baking powder, one-half cup sweet milk, one cup rolled oats made crisp in oven before adding to the batter, one heaping cup of raisins and enough flour to make a soft dough. Chill and then roll out. Sprinkle lightly with sugar, cut and bake quickly in a hot oven. Vanilla flavor (two teaspoons) may be substituted for the spices. These improve if kept in an airtight container.

Mrs. J. M. H. "I read a request for Oatmeal Cookies. Here is a very good recipe: Two eggs well beaten one and one-half cups of sugar, two tablespoons of butter, one and one-half cups of milk, three cups of uncooked oatmeal, one-half teaspoon of vanilla. Mix these ingredients and let stand for five minutes; then add two teaspoons of baking powder sifted with enough flour to make a stiff batter. Also add one cup of ground walnut meats and one cup of raisins. Drop by teaspoonfuls onto a buttered tin and bake for about 15 minutes in a good oven.

A Reader: "My Oatmeal Cookies: Two and one-half cups of flour, two and one-half cups of uncooked oatmeal, one cup of sugar, one cup of lard or butter melted (it is easier to mix when melted) two eggs, two tablespoons of sweet milk, one scant teaspoon of soda dissolved in one tablespoon of boiling water, one tea-

Chapter 15

I had no preconceived ideas that mothers-in-law were unpleasant, critical or the women their sons married. But in the first days of Mrs. Page's visit, it seemed sometimes as if she went out of her way to make things hard for me.

I was continually smoothing Jennie's ruffled plumage; constantly worried about the dog, her food, drafts, and so on. Everything in the house seemed to revolve around Fido. I told Walter one night when I had been exasperated almost beyond endurance.

"I know, dear! but it's Mother's only weakness. I guess we all have, at least, one."

I said no more. I would not complain of his mother to him no matter how uncomfortable I was. I had drilled Jennie upon points of service that offended her, had agreed to hire a cleaning woman to lighten her work, to raise her wages, before I could persuade her to wear a cap, and do the other things she declared must be done if her visit were to be a comfortable one.

Walter had flushed and looked annoyed when his mother disparaged Helen Raiström. I always thought him more attractive when he frowned, although I wouldn't have told him so for worlds. It made his face stronger. I knew that his mother's criticism would not hurt Helen with him. One had only to object with Walter to make him the more keen. He couldn't endure criticism of himself or his actions, his taste or judgment. And he had winced perceptibly when his mother expressed disapproval.

Mrs. Page met our friends and was either dignifiedly gracious, or coldly disapproving. Claire Gordon she appeared to like and said:

"Miss Gordon is a dainty well-balanced girl, but I don't understand your liking for Mr. and Mrs. Harter." She addressed her remarks to Walter, but I answered.

"Mrs. Harter is a very old friend of Walter's."

"Grace is all right. Mother, although she is a bit abrupt and unconventional at times," Walter broke in.

"It doesn't do for a woman, especially a young woman to defy the conventions. They are the bulwarks of society. Her husband is cynical, seems always to be laughing at something, I can't endure such a character." Again Walter replied:

"George has been rather spoiled. He's a great favorite with the ladies. Would make love to you if you'd give him a chance."

I wondered how he dared say such things to his dignified mother. I knew I wouldn't. But she smiled and preened herself a little as she said:

"Such men are often disconcerting—when they wish to be. He is well-mannered and perhaps I am wrong in my deductions. But on first acquaintance he isn't intriguing."

How I wished George could have heard her. I had all I could do to keep from laughing aloud. Yet Mrs. Page's remarks had shown a keenness that astonished me. She had expressed exactly the feeling I always had felt with George; that he seemed always to be laughing at something, some secret of his own. That he was cynical, anyone could see.

For a time Walter came home very regularly; seldom was late for dinner. He took his mother and Fido to drive when she wished, and we went often to the theater.

"A good play is a tonic for me," she told him, "a poor one disgusts me." So although he always tried to select plays well spoken of, occasionally we

would find ourselves at one that held no interest for her. Then she would insist upon leaving, no matter how well either of us might be enjoying it. It annoyed me exceedingly. Before she came we had been very economical in our pleasures, especially our theater going. I loved the theater, and to be dragged home after the first act, or in the middle of the second one was aggravating. Once I rebelled. I had seen Grace and George in the audience and I told Walter I would stay and return home with them; that I was enjoying the play.

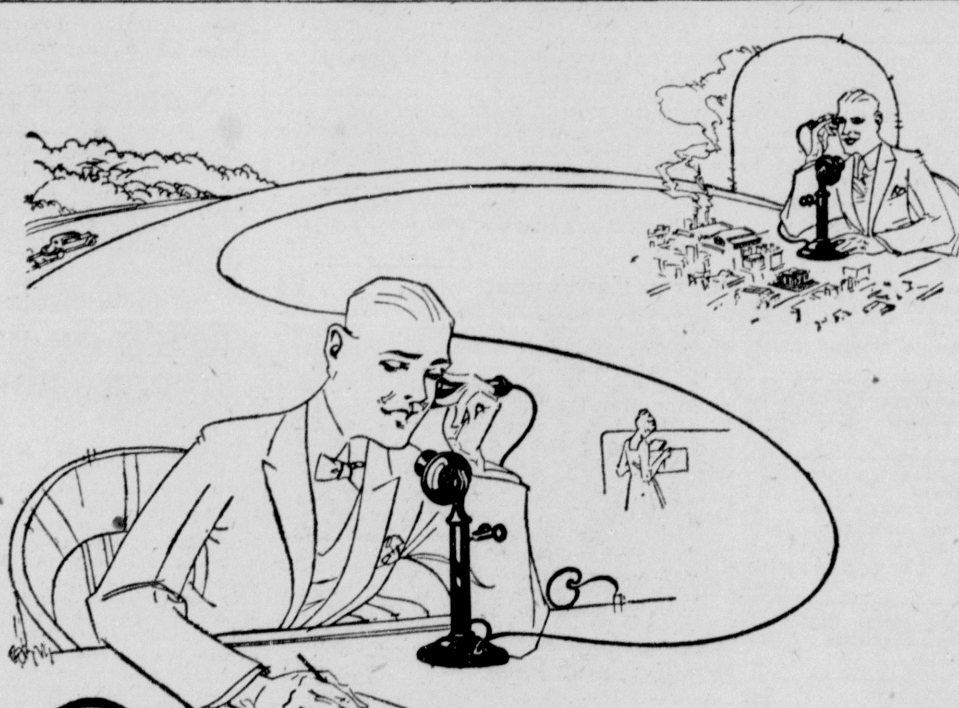

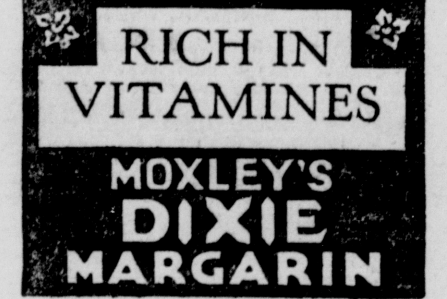

"It is astonishing what the uncultivated taste can endure," Mrs. Page said as they left. I knew she was displeased, that she would complain of me to Walter. But I didn't care. I wasn't a child to like or dislike a thing because she did. Tomorrow—Fido is ill and the Doctor Called.

JUST GOT OVER A COLD?

Look out for kidney trouble and backache. Colds overtax the kidneys and often leave them weak. For weak kidneys—well, read what an Xenia woman says:

Mrs. Hannah A. Reed, 520 W. Second St., says: "There were times when I stooped while washing that I got severe stabs of pain through my back, and I could hardly rise again, my back was so stiff. When I got up mornings I was lame and tired. My back throbbed in the morning just as if I had been pounded with a club. My kidneys were irregular in action and caused me annoyance. Colds settled on my kidneys and this started my trouble. About three boxes of Doan's Kidney Pills, which were highly recommended to me, relieved me of those pains in my back. My kidneys became normal and regular in every way."
